

Auburn Philosophy Club

presents:

PHILOSOPHY AT THE GNU'S ROOM

Wednesday, October 7th at 5 PM

You are cordially invited to the second meeting in the series, *Philosophy at the Gnu's Room*, on *free will*.

Come and listen to our special panel of students and faculty, and participate in an active discussion.

Are human beings *free*, or are we determined by nature, culture and other factors?

What does freedom mean anyway?

If you've ever thought about these questions, or if you haven't, yet find them intriguing—join us!
